For Immediate Release

GET INTO THE SPIRIT OF SPRING AND CREATE A COLLAGE OF SPRING WINDOWS

The Spring Festival is encouraging local business to come together in the spirit of spring and creatively decorate their windows with coloured dots in a spring theme.

“We aim to decorate the town with the spring dots to create a festival atmosphere for the Bright Spring Festival” says Bright Spring Festival President Maureen Beattie.

Dots have been supplied by Specialty Press and there are no rules about size or colour. You may even wish to create your own!!!

The Spring Festival media launch is happening on October 7th 10.30am at the Sound Shell in Howitt Park we are hoping to have lots of spring windows by this time. There will also be red, yellow and orange balloons and streamers in this year's Spring Festival colour theme for the day of the media launch

Someone from Spring Festival will call and bring the dots and balloons to you or you can call in at the Shire Office and pick some up.

There is a prize for the best decorated window, show your support for the Spring Festival and be in it.
