

“Pause and be still...  
...feel the Presence of Nature!”

Diving

Climbing

Quiet Places

Hiking

Get back to nature, with this three day itinerary exploring the regions coastline and caves, flora and fauna.

### Day 1 Cape Naturaliste

Take the short drive from Dunsborough to *Cape Naturaliste Lighthouse* (see page 44). Breathtaking panoramic views of the Indian Ocean, Leeuwin-Naturaliste National Park and beautiful Geographe Bay coastline reward visitors to the top balcony. Embark on one of the numerous walking trails that lead from the Lighthouse around the stunning bays and beaches of the Cape, providing amazing views over the ocean and of local wildflowers. A platform and shelter provides magnificent whale watching during the annual migratory periods from September to December. Before heading back to your accommodation, enjoy some light refreshments in the recently restored Lighthouse Keeper's Cottage.

### Day 2 Dunsborough – Yallingup

Start the morning with a hearty breakfast at one of the many eateries in Dunsborough before making your way to *Ngilgi Cave* (see page 46) where you will continue your exploration of the Leeuwin-Naturaliste National Park – but this time from below! A semi-guided tour through the cave

showcases stunning stalactite, stalagmite, helictite and shawl formations. For the more adventurous, descend into the 'wild' parts of the cave with an expert cave guide. From Ngilgi Cave, continue along Caves Road toward Margaret River, where you will spend the night.

*Mother Nature has a way of humbling us all.*

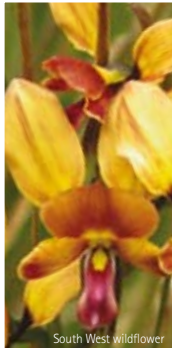

### Day 3 Margaret River

Meet the team from *Bushtucker Tours* (see page 40) at the Margaret River mouth. From here you will find out more about this fascinating region as you paddle with your tour group up the Margaret River past cliffs, caves, pioneer and Aboriginal sites. The Bushtucker lunch is a special treat, that includes an exotic selection of tastes such as emu with wild nut pesto, and turkey topped with rosella chutney.
