### Capricorn Coast & Rockhampton – Take a real holiday!

With the range of experiences available at the Capricorn Coast and Rockhampton from playing a round of golf on an international course, snorkelling on the Southern Great Barrier Reef or dining in a modern riverside restaurant there is surely something to suit all tastes and budgets... With its exciting history, stunning architecture from days gone by and splashes of natural beauty, Rockhampton is arguably one of Queensland's most attractive regions. Classy boutique stores, elegant restaurants, and casual coffee shops are everywhere – this regional city has become a metropolitan hub for the Central Queensland district.

Discover the lush forests of Byfield and surrounding nature reserves just North of Yeppoon. The Byfield National Park and State Forest abound with wonderful scenery, rolling sand dunes, beaches, rainforest edged creeks and rugged mountains. Swim in one of the many freshwater rainforest swimming holes and stay overnight in a cozy cabin or rainforest retreat.

Yeppoon is only a short 30minute drive northeast of Rockhampton and is the gateway to the Capricorn Coast. Wander along the town's picturesque esplanade with its backdrop of off shore islands, explore boutique shopping, sample some delicious fresh seafood, play a round of golf, or bask in the sunshine at one of the pristine, uncrowded beaches.

The coastal life would not be complete without the amazing Keppel Islands just 30 minutes off the coast of Yeppoon. Snorkel, trek and dive your way around the islands exploring what the Capricorn Coast has to offer – don't miss Great Keppel Island.
